Professional Profile

Environmental and Food Quality Consultant with strong expertise in Waste Management (MSc) and Agricultural Technology. Certified Lead Auditor in Food Safety Management Systems (ISO 22000:2018) with over 15 years of diverse professional experience in agri-food quality assurance, training, and consultancy. Experienced in multidisciplinary projects, compliance auditing, and stakeholder engagement. Skilled in combining scientific knowledge with practical solutions to support sustainable business growth.

Education

MSc in Waste Management, Hellenic Open University (2015–2020)

Thesis: Catalytic processing of carbon dioxide into useful chemical products and fuels

BSc in Agricultural Product Marketing & Quality Control, TEI of Western Macedonia (2002–2006)

High School Diploma, Ierápetra (2001)

Professional Experience

Independent Consultant – Food Quality & Safety (Self-employed | 2023 – Present)

Advising SMEs and agri-food businesses on food safety systems and regulatory compliance. Designing and implementing HACCP and ISO 22000:2018 systems. Conducting internal audits and staff training.

Agronomist – Papaiánnou Agricultural Store (2017 – 2023)

Provided consultancy on crop management, fertilizers, and plant protection products. Supported farmers in sustainable production methods.

Trainer – Public IEK & KEK 'Triantafyllou Anna' (2015 – 2020)

Delivered specialized training programs on food safety, hygiene, and agricultural practices.

Agronomist – Foodstandard S.A. (2017–2019)

Conducted AGRO certification processes for agri-food enterprises.

Agronomist – Region of Crete (2013–2014)

Quality control and agricultural economy support.

Agronomist – Agricultural Cooperative of Ierápetra (Anatoli) (2007–2008)

Quality control of vegetables for domestic and export markets.
